Message Focus Areas

1. Our chefs are devoted to learning while having fun. Not only do you get to watch and learn how to prepare unique dishes, you get to eat and taste everything, as well. Guests are encouraged to eventually try out the recipes they learn on their own, with the help of their own recipe booklet.
2. The Culinary Studio is not only open to Ohio University students, but faculty and staff as well as the Athens community. We want to emphasize how this space can bring together all those with a passion for cooking and a desire to learn new things.
3. This series is a great way to switch up a date night or have a different experience with a group of friends. The uniqueness of it is a prominent point to get across to our audiences.
